1 CALL FOR PROPOSALS ANNOUNCEMENT

The Technology Agency of the Czech Republic (TA CR) in cooperation with the Research Council of Norway (RCN) announced a one-stage Call for Proposals in applied research for funding within the KAPPA Programme for industrial research, experimental development and innovation (Programme) financed by EEA and Norwegian Financial Mechanisms (EEA and Norway Grants) on 20 November 2019.

The objective of the Programme is to enhance research-based knowledge development through international collaboration in applied research and innovation. **Applied research – includes industrial research, experimental development, or a combination thereof.** The Programme shall support capacity building in applied research, including supporting small and medium-sized enterprises (SMEs), social sciences, humanities and arts research, and careers of female researchers and early stage researchers.

In order to achieve the outcome and outputs of the Programme, any project proposal is expected to contribute to the fulfilment of at least one of following indicators:

- Number of joint, peer-reviewed, scientific publications submitted,
- Number of jointly registered applications for Intellectual Property Protection,
- Number of new products/technologies developed.

The Programme shall follow the principles and practice of the European framework programmes for research and innovation (i.e. Horizon 2020 and Horizon Europe). The Programme will pay particular attention to the implementation of principles and provisions of Open Science.

The Call for Proposals is focused on two objectives:

- international cooperation of entities from Czechia with partners from Norway, Iceland and Liechtenstein (also referred to as the “Donor States”) in applied research, and
 - connecting research organisations with the application sphere (enterprises and other relevant entities).
- ! **The Call for Proposals is open to projects proposals within all disciplines and topics of applied research and innovation.**
- ! **The Call for Proposals includes a Carbon Capture and Storage (CCS) component from Norway Grants.**

Integral parts of this Call Documentation are:

Annex I – Guide for Applicants

Annex II – Guide for Evaluators

All Relevant Documents and web links related to the Call for Proposals are available at kappa.tacr.cz/en.

The Programme is implemented on the basis of the signed Memoranda of Understanding on the implementation of the EEA/Norwegian Financial Mechanisms 2014–2021, and the Programme Agreement. The framework of the Programme was approved by the Czech Government in May 2018¹.

The main language of the Programme is English.

¹ by the Government Resolution No. 308 on 16 May 2018
